

Weekly Mailing 10.06.22

Well done to our Year 11s for completing another week of exams. For the vast majority they now only have one week of exams left and their time with us is very nearly over. I do hope they continue to work hard for this final week to ensure they receive the grades they truly deserve.

This week I had the pleasure of meeting the applicants for Head of House. I spent some time with them all and I want to take this opportunity to congratulate them for not only applying but their desire to make a difference to the school and its community. I look forward to hearing from Mr Beck who our new Heads of Houses will be and working with them over the coming months.

I was also delighted to hear of more school records being broken; well done to Ruby in Year 8 who achieved a new school record in Javelin and to our Year 9 4 x 100 girls relay team (Erinn, Isabel, Bella and Leah) who broke our record which had been held since 2017.

As we look to next week just a reminder that our Year 7 & 8s can enter the Bassingbourn Bake Off on Tuesday 14th June. To enter, students simply need to bake something to bring in on the Tuesday (a list of ingredients will be required) with their name, mentor group and House clearly labelled. Once they have been judged all entries will be sold during a cake sale on Tuesday-Friday raising money for their year groups as well as The Little Prince's Trust. I very much look forward to tasting some of the entries!

Sports

This week our Year 8 athletics team took part in an event on Wednesday evening against Comberton Village College, Cambourne Village College and Melbourn Village College. The team did amazingly well and secured 2nd place overall which is outstanding. Individually the team secured a number of first places so well done to those:

Laurence came first in the Shot Put

Charlie came first in 60m sprint

Oliver came first in the Hurdles

Ruby came first in the Javelin

Lila-Belle came first in the Shot Put

Year 11 key information

A reminder that the deadline to order the Year 11 hoodies is 13th June and orders need to be made via the Total Clothing website directly [here](#)

To confirm, the last day for Year 11s will be the day of their last exam, for the vast majority this is Monday 20th June. Following the Chemistry exam there will be an opportunity for shirt signing and

farewells on the field and students should arrange a way of getting home by 12noon. The workshops scheduled for that afternoon have now been rescheduled and parents and students have been informed.

Finally, can all library books, text books and locker keys be returned before the last day and any outstanding money on Wisepay be paid.

PFA

A big thank you to all the families that supported the PFA at Mayhem over the Jubilee Weekend. The event was sold out and the PFA stand was incredibly busy throughout the day raising £352 for the school and its students!

This week marks the start of "Fun Food Friday" which will be running for the next four weeks, where the PFA will be selling Krispy Kreme doughnuts, sweets, chocolates and other treats in the back car park after school.

Communications sent home this week:

- Year 11 Leaving arrangements
- Safer Schools Newsletter
- Schindler's List - Year 8
- HPV vaccinations - Year 8
- Open Evening @ Long Road
- YMCA Trinity Group Parent Webinar

Wishing everyone a relaxing and enjoyable weekend.

Ms Poulter

Principal
