

Weekly Mailing 17.06.22

This has been an incredibly hot week with temperatures today reaching over 30 degrees. It was certainly important to allow students to come into school in PE kits and students have been very good at keeping hydrated and filling up water bottles throughout the day. Looking at the weather forecast we do expect temperatures to return to a more manageable level and as a result students will be expected to be in full school uniform as normal on Monday.

On Tuesday our Year 7 & 8 Bake Off took place and we had some amazing entries which you will see below. I hear from the judges that it was an incredibly tough decision but well done to Joseph our Year 7 winner and Stacie our winner from Year 8.

Well also done to our Year 7 athletics team who won on Wednesday. I hear the team performed very well!

Finally, for our Year 11 students this marks the end of their last week with us and while there are some exams next week, for many we will be wishing them a fond farewell on Monday lunchtime.

Science

On Thursday, 16th June, members of the STEM club went to visit Bassingbourn Primary School to help out with their science day. We split into small groups and ran a variety of experiments consisting of:

- Making bubbles out of things you can find in your house
- Pepper and dish soap (to demonstrate germs)
- Foam clouds
- And many more!

It was really fun to see the children have a go at the experiments and we were surprised how fascinated they were as well as not afraid to make a mess!

Fraya & Saul Year 8

Sports

Congratulations to our Year 7 athletics team who won against Comberton Village College, Cambourne Village College and Melbourn Village College on Wednesday evening.

Year 7 & 8 Bake Off

Well done to our Year 7s & 8s who entered our Bake Off this week - we had some truly amazing cakes!
The judges had an incredibly hard time choosing the winners but well done to Year 7 winner - Joseph
and Year 8 winner - Stacie!

Year 7

- 1st place to Joseph
- 2nd place to Alfie
- 3rd place to Lauren

Year 8

- 1st place to Stacie
- 2nd place to Emilia
- 3rd place to Emma

Transport to school

As you will have seen in the news the rail union has announced 3 days of national strike across the railway network, planned on 21, 23 and 25 June. If your child does travel to school via the train, please do look for alternative transportation on these days.

We have been advised that the road works on the A1198 are scheduled to finish at midnight on 20 June.

Communications sent home this week:

- A1198 roadworks
- HPV vaccinations
- Catering contract update
- Anti-bullying questionnaire
- Friday 17th June

Wishing everyone a relaxing and enjoyable weekend.

Ms Poulter

Principal
