

Post Results Information for Students

There are a number of options available to you once you have received your results should you feel the result doesn't reflect your perception of the work completed in the exam. These are the services you can request of the exam board. Requests have to be made via the school's exams office using the links on page 2.

Exam boards charge for these services and the detail of their costs and the deadlines involved are below.

No one can make a post results request on your behalf as you have to give your consent.

You have to understand that a review of marking could change your grade to a lower final grade.

Health and Fitness and Music Technology External Assessments

An Enquiry about Results allows the school on the student's behalf to raise a query over a result for an **external assessment**. There are two options available.

Option 1 – Clerical Check

- Includes a full check of all clerical procedures to ensure that the marks or grades awarded to the learner(s) have been correctly recorded and processed.
- Ensuring all parts of the assessment have been marked, all marks have been recorded and added up correctly, and grade boundaries have been applied accurately.

Option 2 – Review of Marking

- This service ensures that the agreed mark scheme/standard has been applied correctly and is not a re-marking of the learner's assessment.
- Includes a Clerical Check.
- This is carried out by the Chief Examiner, or a Senior Examiner who did not originally mark that learner's paper.

Enquiry acceptance

The decision of accepting the enquiry application will be considered and communicated by NCFE within 5 working day from receipt.

Enquire outcomes

Learner's scores and grade may increase, decrease, or remain the same.

The outcome will be communicated within 25 days

Fees and deadlines
