

BASSINGBOURN
VILLAGE COLLEGE

Weekly Mailing 07.10.22

This week it has been truly wonderful to open our doors and showcase the talent within our community, both students and teachers alike. Our Open Evening last night was incredibly busy and we were very proud of those students that gave up their spare time to support the event - as always, they were a credit to us and you.

It has also been a busy week of learning and activities for our students, in lesson and in mentor time and I have been delighted as I have toured the school this week to see our students showing continued dedication to their studies.

I do want to take a moment to remind our students about the importance of road safety, especially those cycling to school. We have taken a few calls from concerned members of the public having witnessed near misses and of course we want to ensure everyone gets to and from school safely. Please do take time this weekend to remind your child about this.

Year 7 Assembly

At Bassingbourn Village College, instilling a year group identity and to ensure our students to feel part of a supportive and supported community is very important to us. With this in mind, this week Miss Harris, our Year 7 Achievement Leader ran her assembly introducing "Ohana", a Hawaiian word which means family and how it means at Bassingbourn Village College, no-one gets left behind. This is the philosophy Miss Harris and all our Achievement Leaders follow and by working together we can support our community at every stage of their journey with us.

3D Design

This week, our Year 10 3D Design students have been developing their continuous line drawing into simple mono prints as part of their coursework. By using subtractive printing techniques as well as collage the results are quite striking. - well done all!

Communications sent home this week:

- Oakes College Open Evening - Year 11

Wishing you all a relaxing weekend.

Ms V Poulter

Principal
