

**BASSINGBOURN**  
VILLAGE COLLEGE

Weekly Mailing 30.09.22

Once again we have had a number of trips running this week. On Monday our Year 11 Geography students enjoyed a visit to the seaside town of Sheringham, and while the weather was a little windy, everyone had a wonderful day. On Thursday a group of our Year 8 students took part in the Colour Run at Wimpole and from the photos it is evident that a lot of fun was had by all!

On Thursday evening we held our Year 11 Post 16 Destination Evening. We were delighted with the number of Year 11 students and parents/carers that attended to discover the options available to them when they complete their journey with us. If anyone has any further questions please do get in touch with Miss Hields via her email: [rhields@bassingbournvc.org](mailto:rhields@bassingbournvc.org)

In addition, this week we have been busy getting our school ready for our Open Evening next week. We are thrilled to be able to showcase the fantastic team we have here at Bassingbourn Village College and the diverse curriculum we offer. A number of our students will have come home with a letter requesting support by departments on the night as we really value their support on the night.

## Year 7 & 10 Individual Photos

On Wednesday our students in Year 7 & 10 had their individual photos taken. Students should have brought home with them a registration card which contains all of the details on how to access their photo. Please do let the office know if you didn't receive this. We have been advised photos should be available from Wednesday 5th October.

## Year 10 Curriculum Day

"On Thursday the 22nd of September, the year 10 students visited vertigo adventures in Welwyn for this term's curriculum day. Over the course of the day, we participated in a variety of different team building activities that gave us the opportunity to learn new skills and work with other pupils that we may not have done so before.

The activities throughout the day consisted of high ropes, crate stacking, wall climbing and a 30ft plummet which saw not only the students getting involved but some teachers as well. The high ropes

were definitely the favourite amongst the year group, it challenged us to complete 20 elements, such as the trapeze walk, whilst 30 feet in the air...

Overall, it was a very enjoyable day and a great experience for us all. "
